

# MY VILLAGE MINISTRIES

## Who is needed in a My Village church?

### Ministry Lead

A team of 2-4 people who coordinate the partnership between My Village Ministries and your church. They are the key recruiters, liaisons, and advocates for the hosts, coaches, and mentors from their church.

### Host Family

Provide a home for the child(ren) of a family in crisis, while pursuing relationship with the referring parent. Host families can engage in traditional hosting, serve a respite family, or even be a part of an expectant mother team.

### Community Coach

Provide coaching, encouragement, and mentoring for referring parent(s). Coaches also work closely with the host family to ensure they are supported and make sure the child(ren) being hosted are safe and well.

### Community Friend

Walk alongside a parent who is feeling isolated and lacks community support. Meeting regularly as a consistent and encouraging influence in their life. These volunteers can sometimes offer practical help with childcare and transportation.

### Care Community

The wrap-around support for host families. Diapers, wipes, babysitting, meals, transportation, gift cards - removing obstacles so the host family can focus on caring for the child(ren) and parent(s) in crisis.

### Which role is for you?
